**LETTER REQUESTING USE OF COMPUTER READABLE FORM**  
**FROM ANOTHER APPLICATION**

Sir:

In accordance with 37 C.F.R. §1.821(e) regarding submission of a computer readable form of nucleotide and/or amino acid sequence disclosures in an application which corresponds to the sequence information from another application already on file at the United States Patent and Trademark Office, Applicants request use of the previously filed computer readable form. The Sequence Listing in this application, filed herewith, Attorney Docket No.: C1039/7049, Express Mail Label No. EL565146839US; Serial No. not yet assigned, is identical to that filed in a previous application, Serial No. 09/286,098. In accordance with 37 C.F.R. 1.821(e), please use the last-filed computer readable form filed in application Serial No. 09/286,098 as the computer readable form for the instant application. It is understood that the U.S. Patent and Trademark Office will make the necessary change in application number, docket number and filing date for the computer readable form that will be used for the instant application. A paper copy of the Sequence Listing for the instant application is included in the originally-filed specification of the instant application.
